1 General Information

1.1 Procurement Procedure

The Town Council is inviting companies to submit responses to its Invitation to Tender for the re-tarmac of a path at Flood Meadows, Alton GU34 1HE commencing at the entrance from Tanhouse Lane.

The current tarmac path is approximately 156m x 1.2m and new kerb edgings are also required along the entire length approx.

There are two “junctions” which also require tarmac where the path turns onto a gravel walkway; there is currently no tarmac in these areas, just a coarse gravel surface

Responses to the Invitation to Tender are requested as per the following, and pricing must include edgings installed to both sides and a finish that is flush to the newly laid path. All surplus materials are to be removed from site.

Tenderers are asked to note the following points:

1. A site visit is required to ensure that tenderers take their own accurate measurements
2. Some photographs are attached at the end of this document but it should be noted that these are for illustrative purposes only and should not be viewed in any way as the basis upon which you should submit your response.
3. The easiest access point would be at the end of Tanhouse Lane (GU34 1HR) and there is a small car park at the end of the lane which will lead you straight into Flood Meadows.
4. We can arrange for a site meeting if you wish.
5. At first junction with riverside path there are a number of tree-roots visible and a short length of piping (broken one end) which looks obsolete
6. At second junction, on the main footpath is a large manhole cover which protrudes above the level of the path.
7. At both junctions there is a coarse surface laid by a previous contractor, which needs to be integrated smoothly with the new surface on the main footpath.
